

PRODUCT INFORMATION SHEET

DESOLVE

Wetting and Release Agent

DESCRIPTION

Emulsifying Wetting and Release Agent for the removal of vegetable oils, grease and other food & oil based stains from aprons, overalls, table linen and most other washable fabrics.

Use in-conjunction with MILEBREAK for best results.

Domestic Wash Loads: Use in conjunction with DAZZLE/LPA to assist in removal of heavy grease and oil stains from most washable linen/clothing.

DIRECTIONS FOR USE

Inject DESOLVE into per-wash and/or main wash cycle of the washing machine. Use rate determined by fabric type and degree of soiling.

USE RATE:

- Light Soil** - 3 - 5ml per Kg Dry weight
- Medium Soil** - 5 - 6ml per Kg Dry weight
- Heavy Soil** - 6 - 8ml per Kg Dry weight

Times and Temperatures are critical to achieve excellent results. DESOLVE should be used in accordance with your programmed laundry system, and in conjunction with the machine manufacturers instructions.

Closing the Loop

on Occupational Health & Safety Concerns

The unique design of Milestone Chemicals Australia's Closed Loop System (CLS) reduces the potential for chemical spills when handling products used through automatic dispensing equipment.

Why use a CLS?

- To ensure safe & accurate dosing
- Benefit from consistent cost-effective, efficient & measurable results

Contains: Surfactants 30-60%

Assists with the removal of food & oil based stains from most washable fabrics
