PRODUCT INFORMATION SHEET

KLEENLINE

Liquid Beerline Cleaner

DESCRIPTION

Liquid beer line cleaner for use in periodical CIP cleaning of beer lines, pipes, cooling units and drawing equipment.

Formulated for the removal of beer stain, scale and inorganic deposits.

When used in conjunction with **SANILINE**, will effectively clean and sanitise surfaces.

DIRECTIONS FOR USE

Use 15ml KLEENLINE per 1L water.

KLEENLINE should be used STRICTLY in accordance with the method prescribed by your brewery.

For best results, use in conjunction with Milestone SANILINE as per instructions.

CAUTION: Add **KLEENLINE** and SANILINE separately to the water in the detergent drum (Add chemical to water, NOT water to chemical).

DO NOT MIX: **KLEENLINE** and SANILINE together in the concentrated form, NOT for use with older type (i.e. tinned copper) temprites.

Mixing Instructions - Add 75ml of **KLEENLINE**, plus 75ml SANILINE (separately) per 5L of water, leave solution in beerlines for a minimum of 2 hours for best results and then flush with clean water.

Use pH strip to ensure all chemicals have been flushed from lines prior to re-use.

Contains: Potassium Hydroxide 10-30%
Sodium Hydroxide 1-10%

Effectively removes beer stain, scale & inorganic deposits
