PRODUCT INFORMATION SHEET

PRE-SOAK

Heavy-Duty Pre-Wash Soaking Agent

DESCRIPTION

PRE-SOAK is designed as a heavy-duty pre-wash soaking agent to assist in the removal of stubborn stains from a wide range of fabrics, such as bed linen, towels, shirts, sports clothing, heavy-duty work clothing, baby cloth-nappies, and colour-fast cotton and synthetic fabrics.

DIRECTIONS FOR USE

Laundry Items - Before using on coloured items test a hidden part for colour fastness. Follow manufacturers instructions.

Using COLD water, make up a solution of PRE-SOAK, using the following dilution rates, depending upon the degree of soil:

- **Light** - 50g per 10L.
- **Medium** - 100g per 10L.
- **Heavy** - 200g per 10L.

Soak items for a minimum of 180 minutes (preferably overnight), then remove from soak solution and wash as a normal.

Soak coloured items, separately using cold water.

Baby Nappies - Make up a solution of 100g to 10L of COLD water in a plastic bucket. Soak for at least two hours, wash as normal. For stubborn stains soak overnight. Use a fresh solution for each soak.

PRE-SOAK should NOT be used on woollens and silks.

Contains: Sodium Percarbonate 10-30%

Multi-Use, Heavy-Duty action with proven effective results

ORDER CODE	PACK SIZE
PRESS	4kg Pail
PRES15	15kg Pail
