STRIP-EASE

PRODUCT INFORMATION SHEET

STRIP-EASE

Graffiti Remover

DESCRIPTION

STRIP-EASE Graffiti Remover is based on a blend of low odour, low toxicity solvents, which is combined with a unique activating agent.

Developed to effectively remove graffiti quickly from most washable surfaces with a minimum of risk to the user.

STRIP-EASE is specifically used in the removal of graffiti from brickwork, concrete, various types of metals (galvanized, aluminium and steel) and timber surfaces.

DIRECTIONS FOR USE

Graffiti Removal - Apply to a dry surface, using a brush or broom, agitate lightly. Allow 2-3minutes contact time. Pressure rinse immediately using COLD water.

Chewing Gum - Apply neat directly onto Chewing Gum, allow 5-10 minutes. Chewing gum should now be non-tacky and remove easily from surface. Rinse surface with clean potable water.

Wax Coating - For removal of protective wax coating found on imported vehicles, spray a thin film of STRIP-EASE (neat) onto the surface of the vehicle. Agitate with a soft bristle brush. High pressure rinse off immediately with COLD water.

Contains: Benzyl Alcohol 30-60%
Ethanol: 10-30%
D-Limonene 10-30%

Remove graffiti quickly from most washable surfaces with minimal risk to the user
