PRODUCT INFORMATION SHEET

TANGO POWDER

Machine Dishwashing Powder

DESCRIPTION

TANGO is a heavy-duty biodegradable dishwashing detergent containing high quality wetting agents to leave dishes, glasses and cutlery sparkling clean, without the use of additional rinse additives.

As this product contains chlorine, it is suitable for use in hospitals, nursing homes and similar institutions where sanitation is of high importance.

It is recommended for commercial and domestic applications.

Contains: Alkaline Salts 56%
Available Chlorine as Sodium
Dichloroisocyanurate 3.9%
Sodium Hydroxide 1.6%

DIRECTIONS FOR USE

Commercial - Use TANGO at the rate of **2g per Litre** (check machine instruction manual to find tank capacity) **of hot water** at a temperature up to 70°C.

After the fifth wash, add a tablespoon (25g) of TANGO to wash tank, this will maintain correct level of detergency.

Arrange dishes in the machine in accordance with the machine manufacturer instructions.

Domestic - Use TANGO at the rate of **20g (1/2 scoop) per load** in domestic dishwashing machines.

The use of additional rinse additives is NOT required.

Arrange dishes in the machine in accordance with the machine manufacturer instructions.

No Rinse Additive required!

ORDER CODE	PACK SIZE
