About Milestone

Established in 1948, Milestone Chemicals Australia have been operating as a manufacturer, distributor and supplier of cleaning chemicals, paper products and accessories for over 75 years.

Representing the best quality and value for money is something you can count on from Milestone, as an Australian owned and operated family business.

Situated in West Heidelberg Victoria, Milestone's Head Office is accompanied by state of the art manufacturing facilities, including an R&D chemistry lab and even a direct to public outlet, *Milestone@Home*.

With nine dedicated warehouses, and a select network of trusted distributors reaching across the nation, you can count on Milestone to deliver the solutions for you.

The Milestone Way...

Provides businesses like yours the confidence to operate a safe & hygienic workplace, supported by
