Certified by a regulatory body, the National Measurement Institute (NMI) in Australia

A Weights & Measures Approved cup is a cup that has been certified by a regulatory body, the National Measurement Institute (NMI) in Australia, to ensure it meets specific standards for volume accuracy.

These cups are marked with a symbol indicating their approval, which guarantees that the cup holds the exact volume it claims to.

Legal Compliance: Using Weights & Measures Approved cups ensures that businesses comply with legal requirements for serving beverages, especially in regulated environments like bars, festivals, and events.

Weight & Measures Certified
