

Dust Control Mop

Dust Control Mop Head with Swivel Head Handle

DESCRIPTION

The Edco Dust Control Mop with Swivel Head and Handle is made with superior mod-acrylic fringe for optimal particle pick-up and hold. Designed with a strong metal frame, powder coated handle and with the Edco tech swivel fitting for the ideal cleaning performance.

Dust and particle trapping: Designed to attract and hold onto dust and debris, making it efficient for cleaning hard floors.

Wide cleaning head: At widths like 61cm or 91cm, it cleans a large surface area quickly, which is ideal for commercial and industrial settings.

Durable construction: Strong metal frame and a powder-coated handle for longevity and to withstand frequent use.

Maneuverability: A swivel fitting on the head allows for easy maneuvering around furniture and into corners.

Versatility: The mop is effective for both dry-dusting and light wet cleaning tasks, and the material is suitable for various floor types like tile, wood, and polished concrete.

Lightweight design: Despite its heavy-duty construction, the mop is lightweight and easy to handle, which reduces user strain during long cleaning sessions.

Professional-grade dust control made simple

DIRECTIONS FOR USE

Apply even pressure and use smooth motions to cleaning surface for effective results.

SUPERIOR MOD-ACRYLIC FRINGE FOR PARTICLE PICK-UP AND HOLD
